Methotrexate, treatment of collagenous colitis with, (Letter), 114
Methotrexate pneumonitis, hypercalcaemia with, possible association with pulmonary granulomata (Letter), 715
Microalbuminuria in Type 2 diabetes: an independent predictor of cardiovascular mortality, 519
Microscopic haematuria - whom to investigate, 7
Molecular genetics, and clinical research: First gene for an idiopathic epilepsy: a fruitful collaboration of Australian, 154
Mortality, diabetes, and coronary heart disease in the prospective Dubbo study of Australian elderly, 66
Mortality, microalbuminuria in Type 2 diabetes: an independent predictor of cardiovascular, 519
Mortality, predictors of, in the prospective Dubbo study of Australian elderly, 40
Mucoid impaction presenting as multiple pulmonary nodules in cystic fibrosis (Letter), 574
Multidrug resistant tuberculosis following supervised care, development of,: a case for directly observed therapy (Letter), 228
Multiple endocrine neoplasia, genetic testing for, (Editorial), 5
Multiple endocrine neoplasia (MEN 1) in four Australian kindreds, predictive diagnosis of, 27
Multiple sclerosis, interferon beta in the management of, (Editorial), 343
Multiple sclerosis, recent advances in the understanding, diagnosis and management of, 157
Munchausen's syndrome, or, is it diabetes mellitus,? (Letter), 841
Muscle-energy group, gouty arthritis and chronic renal insufficiency in a patient with glycogen storage disease of the, (Letter), 418
Mutation, Gly307Ser, in cystathionine beta-synthase, variable hyperhomocysteinaemia phenotype in heterozygotes for the, 180
Myelodysplastic syndromes, rheumatic manifestations of the: a comparative study, 683
Myelopathy, non-compressive, – is human T-cell lymphotropic virus type 1 (HTLV-1) the cause in Indian context?, 705
Myocardial infarction, the use of thrombolytic therapy in patients presenting to a peripheral metropolitan Emergency Department with acute, 539
Myopathy, acute necrotising, in a critically ill patient (Letter), 560

N
Near-fatal asthma in South Australia: descriptive features and medication use, 356
(Editorial), 487
Nebulised prostacyclin, use of, to ascertain reversibility of secondary pulmonary hypertension (Letter), 234
Necrotising myopathy, acute, in a critically ill patient (Letter), 560
Neoplasia, multiple endocrine, genetic testing for, (Editorial), 5
Neoplasia, multiple endocrine, (MEN 1) in four Australian kindreds, predictive diagnosis of, 27
Nerve palsy, phrenic, due to chemotherapy extravasation from a Hickman catheter (Letter), 112
Neuroendocrine function in rheumatic disease, advances in the understanding of, 543
Neuroleptic malignant syndrome, clozapine-induced,: another inconclusive case report (Letter), 232
Neuropsychiatric disorders, smoking cessation programmes are neglecting the needs of persons with (Letter), 572
Neutropenic sepsis, G-CSF stimulated donor granulocyte collections for prophylaxis and therapy of, 813
New Zealand, prevalence of *Helicobacter pylori* infection in different ethnic groups in, children and adults, 646
New Zealand cancer centres, adjuvant chemotherapy for non-metastatic osteosarcoma of the extremities in two, (Letter), 230
Nodular adrenocortical disease by unilateral adrenalectomy, relapse of Cushing's syndrome following the treatment of primary pigmented, (Letter), 426
Non rheumatic atrial fibrillation, does activated protein C resistance increase the risk of systemic embolism in?, (Letter), 243
Non-compressive myelopathy – is human T-cell lymphotropic virus type 1 (HTLV-1) the cause in Indian context?, 705
Non-Hodgkin's lymphoma, thallium-201 and gallium-67 avidity in an intermediate T cell, (Letter), 725
Non-metastatic osteosarcoma of the extremities in two New Zealand cancer centres, adjuvant chemotherapy for, (Letter), 230
Northern Australia, a subtle presentation of acute rheumatic fever in remote, (Letter), 241
Nutrition, feed us,: final year medical students' perceptions of nutrition medical education, 640
Nutrition education in Australian universities: more famine than feast? (Editorial), 625

O
Obesity, and male gender, left-sided insertion, are associated with an increased risk of complications: Hickman catheters, 33
Observed therapy, development of multidrug resistant tuberculosis following supervised care: a case for directly, (Letter), 228
Obstructive sleep apnoea, and snoring, treatment by rapid maxillary expansion, (Letter), 428
Octreotide, primary treatment of a combined somatotropin – and thyrotropin-secreting pituitary tumour with, (Letter), 124
Oesophageal obstruction, a late complication of palliative stenting of malignant, (Letter), 115
Omeprazole therapy on asthma, the effects of, adult asthma and gastro-oesophageal reflux:, 671
Oral prednisone and inhaled beclomethasone dipropionate on circulating leukocytes, a comparison of the effects of, 800
Orthostatic hypotension and chronic fatigue syndrome (CFS), twenty-four-hour urine analysis in patients with, (Letter), 849
Osteosarcoma, non-metastatic, of the extremities in two New Zealand cancer centres, adjuvant chemotherapy for, (Letter), 230
Oxidation, what dose of vitamin E is required to reduce susceptibility of LDL to?, 496

P
Palliative stenting of malignant oesophageal obstruction, a late complication of, (Letter), 115
Palsy, phrenic nerve, due to chemotherapy extravasation from a Hickman catheter (Letter), 112
Pamidronate, iritis following intravenous, 414
Panhypopituitarism presenting as a psychiatric disorder, pituitary apoplexy followed by, (Letter), 119
Papua New Guinea, symptomatic HIV infection in, 783
Paroxetine, a dramatic response to,: emotional incontinence, (Letter), 844
Pathogenesis, prevention and management of acute coronary syndromes, new insights into the, 344
Patients' perceptions of food-induced asthma, 504
Peak expiratory flow (PEF) variability, relationship of non-specific airway hyper-responsiveness (AHR) to measures of, 59
Penicillin/ceftriaxone resistance in hospitalised children in Darwin, *Streptococcus pneumoniae* carriage and, 391
Perhexiline – stable plasma concentrations with formulation change, 707
Pericardial effusion, malignant, a new therapeutic option for,: balloon pericardiostomy, 556
Pericardiostomy, balloon,: a new therapeutic option for malignant pericardial effusion, 556
Peripheral blood progenitor cells, intermediate dose cyclophosphamide combined with a growth factor is a safe and effective regimen for mobilisation of, 411
Peter MacCallum Cancer Institute, experience at the, – carboplatin dosing based on measurement of renal function, 372
Phrenic nerve palsy due to chemotherapy extravasation from a Hickman catheter (Letter), 112
Physician training in Australia, changes in job aspirations during, 652
Pigmented nodular adrenocortical disease by unilateral adrenalectomy, relapse of Cushing's syndrome following the treatment of primary, (Letter), 426
Pituitary adenoma, thyrotrophin secreting, use of somatostatin analogue in management of a, (Letter), 122
Pituitary apoplexy followed by panhypopituitarism presenting as a psychiatric disorder (Letter), 119
Pituitary tumour, thyrotropin-secreting, with octreotide, – primary treatment of a combined somatotropin and, (Letter), 124

Planar scintigraphy with SPECT thallium, exercise ECG and angiography in the detection of coronary artery disease, comparison of optimised, 806
Plasma concentrations with formulation change, stable, perhexiline –, 707
Pneumonia, *Legionella longbeachae,* and Henoch-Schönlein purpura (Letter), 236
Pneumonia, recurrent *Legionella longbeachae,* associated with re-exposure to potting soil?, (Letter), 856
Pneumonitis, methotrexate, hypercalcaemia with, possible association with pulmonary granulomata (Letter), 715
Postural hypotension from autonomic dysfunction, erythropoietin treatment for, (Letter), 859
Postural hypotension in a diabetic haemodialysis patient, a treatment option for severe symptomatic, fluoxetine: (Letter), 714
Potting soil, recurrent *Legionella longbeachae* pneumonia associated with re-exposure to,?, (Letter), 856
Predictive diagnosis of multiple endocrine neoplasia (MEN 1) in four Australian kindreds, 27
Predictors of mortality in the prospective Dubbo study of Australian elderly, 40
Prednisone and inhaled beclomethasone dipropionate on circulating leukocytes, a comparison of the effects of oral, 800
Prevention, pathogenesis, and management of acute coronary syndromes, new insights into the, 344
Prevention of thrombosis, antiplatelet therapy and the, 210
Primary gastrointestinal necrotising vasculitis, hepatitis C and mixed cryoglobulinaemia,: a case of (Letter), 110
Primary hyperaldosteronism: a missed diagnosis in 'essential hypertensives'?, 533
Primary pigmented nodular adrenocortical disease by unilateral adrenalectomy, relapse of Cushing's syndrome following the treatment of, (Letter), 426
Primary treatment of a combined somatotropin – and thyrotropin-secreting pituitary tumour with octreotide (Letter), 124
Proarrhythmia, sotalol: a report of five cases and an audit of the use of sotalol in a teaching hospital, 167
Proarrhythmic complications of sotalol (Editorial), 147
Prophylaxis and therapy of neutropenic sepsis, G-CSF stimulated donor granulocyte collections for, 813
Prostacyclin, nebulised, use of, to ascertain reversibility of secondary pulmonary hypertension (Letter), 234
Protein C resistance, does activated, increase the risk of systemic embolism in non rheumatic atrial fibrillation? (Letter), 243
Psychiatric disorder, pituitary apoplexy followed by panhypopituitarism presenting as a, (Letter), 119
Public Hospital sector in action, – pass the parcel (Editorial), 143
Public Hospitals, funding of coronary angioplasty and coronary stenting in, (Editorial), 3
Public hospitals, funding of coronary angioplasty in, (Letter), 430
Pulmonary epithelioid haemangioendothelioma, haemoptysis and rapid onset, in a patient with, (Letter), 712
Pulmonary granulomata, hypercalcaemia with methotrexate pneumonitis, possible association with (Letter), 715
Pulmonary hypertension, use of nebulised prostacyclin to ascertain reversibility of secondary, (Letter), 234
Pulmonary hypertension as a consequence of alveolar capillary plugging by malignant megakaryocytes in essential thrombocythaemia (Letter), 852
Pulmonary nodules in cystic fibrosis, mucoid impaction presenting as multiple (Letter), 574
Pulmonary vascular aspects of systemic sclerosis, 150
Pyoderma gangrenosum, resolution of, using tacrolimus (FK-506) (Letter), 238

Q

QT syndromes, the long, 834
Queensland, casemix based funding for, discriminates against hospitals treating very sick patients (Letter), 421

R

Radiofrequency ablation, inpatient, for the treatment of supraventricular tachyarrhythmias, cost effectiveness of day stay *versus,* 206
Radiofrequency and direct current atrioventricular node ablation, assessment of left ventricular function after, 82
Radiofrequency catheter ablation of left ventricular tachycardia in the normal heart, 380
Radiofrequency (RF) ablation of idiopathic ventricular tachycardia, 186
Regional anaesthesia, performed by rheumatologists, day case knee arthroscopy under, 108
Relapsed acute myeloid leukaemia (AML), allogeneic bone marrow transplantation for, (Letter), 570
Relationship of non-specific airway hyper-responsiveness (AHR) to measures of peak expiratory flow (PEF) variability, 59
Renal function, carboplatin dosing based on measurement of, – experience at the Peter MacCallum Cancer Institute, 372
Renal insufficiency in a patient with glycogen storage disease of the muscle-energy group, gouty arthritis and, (Letter), 418
Renal transplantation, ABO incompatible,: a chance to re-examine?, 824
Replacement therapy, antiproteinase deficiency, emphysema and, 769
Respiratory clearance of ^{99m}Tc-DTPA acutely, sidestream smoke inhalation decreases, 513
Respiratory disease, evaluation of impairment, disability and handicap caused by, 697
Respiratory failure, rapid onset, and haemoptysis, in a patient with pulmonary epithelioid haemangioendothelioma (Letter), 712
Respiratory manoeuvres, transdiaphragmatic pressure in young adult Singaporean subjects – normal values and a comparison between different, 75
Restriction fragment length polymorphisms (RFLP), and bioassays, use of: detection of carriers of haemophilia A, 195
Revascularisation in coronary disease, evidence-based assessment of the benefit of,: beyond the randomised trials, 490
Rheumatic disease, advances in the understanding of neuroendocrine function in, 543
Rheumatic fever, acute, in remote northern Australia, a subtle presentation of, (Letter), 241
Rheumatic manifestations of the myelodysplastic syndromes: a comparative study, 683
Rheumatologists, day case knee arthroscopy under regional anaesthesia performed by, 108
rhGM-CSF, rapid healing of an indolent leg ulcer with topical, (Letter), 420
Risk factors for ill-health in a remote desert-dwelling Aboriginal community in Western Australia, 171

S

Schistosomiasis at Christchurch Hospital 1989-94, 226
Schistosomiasis at Christchurch Hospital 1989-94 (Letter), 717
Scintigraphy with SPECT thallium, exercise ECG and angiography in the detection of coronary artery disease, comparison of optimised planar, 806
Scleroderma. Silicone? silica?. A need to look further? (Letter), 858
Scleroderma and silicone gel breast prostheses – the Sydney study revisited, 349
Sclerosis, interferon beta in the management of multiple, (Editorial), 343
Sclerosis, multiple, recent advances in the understanding, diagnosis and management of, 157
Sclerosis, systemic, pulmonary vascular aspects of, 150
Secondary pulmonary hypertension, use of nebulised prostacyclin to ascertain reversibility of, (Letter), 234
Selenium levels, maternal, and sudden infant death syndrome (SIDS), 677
Sepsis, G-CSF stimulated donor granulocyte collections for prophylaxis and therapy of neutropenic, 813
Serology, autoimmune, anti-lamin autoantibodies and the clinical utility of, (Editorial), 145
Shunt causing life threatening hypoxia following surgery, acute interatrial right to left, (Letter), 847
Sidestream smoke inhalation decreases respiratory clearance of ^{99m}Tc-DTPA acutely, 513
Silica?, scleroderma. Silicone?. A need to look further? (Letter), 858
Silicone breast implants – where have we been and where are we now? (Editorial), 341
Silicone gel breast prostheses, scleroderma and, – the Sydney study revisited, 349
Silicone? silica? scleroderma. A need to look further? (Letter), 858
Singaporean, young adult subjects, transdiaphragmatic pressure in, – normal values and a comparison between different respiratory manoeuvres, 75
Sleep apnoea by rapid maxillary expansion, treatment of snoring and obstructive, (Letter), 428
Sleep disorders in the elderly, 96
Smoke inhalation, sidestream, decreases respiratory clearance of ^{99m}Tc-DTPA acutely, 513
Smoking cessation programmes are neglecting the needs of persons with neuropsychiatric disorders (Letter), 572

Snoring and obstructive sleep apnoea by rapid maxillary expansion, treatment of, (Letter), 428
Somatostatin analogue, use of, in management of a thyrotrophin secreting pituitary adenoma (Letter), 122
Somatotropin, primary treatment of a combined, – and thyrotropin-secreting pituitary tumour with octreotide (Letter), 124
Sotalol, proarrhythmic complications of (Editorial), 147
Sotalol proarrhythmia: a report of five cases and an audit of the use of sotalol in a teaching hospital, 167
South Australia, near-fatal asthma in,: descriptive features and medication use, 356
South Australia, near-fatal asthma in,: descriptive features and medication use (Editorial), 487
SPECT thallium, exercise ECG and angiography in the detection of coronary artery disease, comparison of optimised planar scintigraphy with, 806
Splenic rupture in c-ANCA positive vasculitis, spontaneous, (Letter), 431
Spontaneous splenic rupture in c-ANCA positive vasculitis (Letter), 431
Stenosis, spontaneous disappearance of severe coronary, (Letter), 722
Stenting, coronary, and coronary angioplasty, in public hospitals, funding of (Editorial), 3
Stenting, palliative, of malignant oesophageal obstruction, a late complication of (Letter), 115
Stenting under extracorporeal circulatory support, left main coronary artery, (Letter), 842
Stethoscope, René Laennec and the introduction of the, 407
Streptococcus pneumoniae carriage and penicillin/ceftriaxone resistance in hospitalised children in Darwin, 391
Streptokinase resistance, and anti-streptokinase antibodies, in an Aboriginal population in northern Australia, 49
Stroke, acute management of, 11
Stroke, major, in a patient treated for bacterial endocarditis in a Hospital at Home Unit, 105
Subclinical hypothyroidism in a woman with systemic lupus erythematosus (SLE), new onset of Graves' disease following, (Letter), 424
Sudden infant death syndrome (SIDS), maternal selenium levels and, 677
Sulphasalazine-induced agranulocytosis successfully treated with filgrastim (Letter), 240
Supraventricular tachyarrhythmias, cost effectiveness of day stay *versus* inpatient radiofrequency (RF) ablation for the treatment of, 206
Surgical wards, hyperglycaemia on the,: a three year follow up study, 554
Sydney, meningococcal disease in urban south western, 1990-1994, 526
Systemic embolism in non rheumatic atrial fibrillation, does activated protein C resistance increase the risk of?, (Letter), 243
Systemic lupus erythematosus (SLE), new onset of Graves' disease following subclinical hypothyroidism in a woman with, (Letter), 424
Systemic sclerosis, pulmonary vascular aspects of, 150

T
T cell non-Hodgkin's lymphoma, thallium-201 and gallium-67 avidity in an intermediate, (Letter), 725
Tachyarrhythmias, supraventricular, cost effectiveness of day stay *versus* inpatient radiofrequency (RF) ablation for the treatment of, 206
Tachycardia, idiopathic ventricular, radiofrequency ablation of, 186
Tachycardia in the normal heart, radiofrequency catheter ablation of left ventricular, 380
Tacrolimus (FK-506), pyoderma gangrenosum, resolution of, using, (Letter), 238
Terfenadine and cimetidine, torsade de pointes during the concomitant use of, (Letter), 120
Tertiary care hospital, an audit of third generation cephalosporin prescribing in a, 386
Thallium, exercise ECG and angiography in the detection of coronary artery disease, comparison of optimised planar scintigraphy with SPECT, 806
Thallium-201 and gallium-67 avidity in an intermediate T cell non-Hodgkin's lymphoma (Letter), 725
Therapy of neutropenic sepsis, G-CSF stimulated donor granulocyte collections for prophylaxis and, 813
Third generation cephalosporin prescribing in a tertiary care hospital, an audit of, 386
Thrombocythaemia, pulmonary hypertension as a consequence of alveolar capillary plugging by malignant megakaryocytes in essential, (Letter), 852
Thrombolytic therapy, the use of, in patients presenting to a peripheral metropolitan Emergency Department with acute myocardial infarction, 539
Thrombosis, antiplatelet therapy and the prevention of, 210
Thrombus, left atrial appendage, in atrial fibrillation post coronary artery bypass grafting (CABG) (Letter), 565
Thymoma, the role of chemotherapy in malignant, (Letter), 423
Thyrotoxicosis, vomiting, – a forgotten symptom in, (Letter), 854
Thyrotrophin secreting pituitary adenoma, use of somatostatin analogue in management of a, (Letter), 122
Thyrotropin-secreting pituitary tumour with octreotide, – primary treatment of a combined somatotropin and, (Letter), 124
Topical rhGM-CSF, rapid healing of an indolent leg ulcer with, (Letter), 420
Torsade de pointes during the concomitant use of terfenadine and cimetidine (Letter), 120
Training, physician, in Australia, changes in job aspirations during, 652
Transdiaphragmatic pressure in young adult Singaporean subjects – normal values and a comparison between different respiratory manoeuvres, 75
Transplantation, ABO incompatible renal,: a chance to re-examine?, 824
Transplantation, allogeneic bone marrow, for relapsed acute myeloid leukaemia (AML) (Letter), 570
Transplantation, five year leukaemia-free survival of 72% and 77% for early stage acute and chronic myeloid leukaemia treated by HLA-identical sibling bone marrow, 54
Transplantation, liver, in metastatic carcinoid tumour, 702
Treatment of snoring and obstructive sleep apnoea by rapid maxillary expansion, (Letter), 428
Tuberculosis, following supervised care, development of multidrug resistant,: a case for directly observed therapy (Letter), 228
Tuberculous lymphadenitis: revisiting an old foe (Letter), 561
Tumour, metastatic carcinoid, liver transplantation in, 702
Tumour, thyrotropin-secreting pituitary, with octreotide, – primary treatment of a combined somatotropin and, (Letter), 124

U
Ulcer with topical rhGM-CSF, rapid healing of an indolent leg, (Letter), 420
Unilateral adrenalectomy, relapse of Cushing's syndrome following the treatment of primary pigmented nodular adrenocortical disease by, (Letter), 426
United States, health outcomes in Australia and the, (Letter), 416
Universities, nutrition education in Australian,: more famine than feast? (Editorial), 625
Urine analysis in patients with orthostatic hypotension and chronic fatigue syndrome (CFS), twenty-four-hour, (Letter), 849

V
Variable hyperhomocysteinaemia phenotype in heterozygotes for the Gly307Ser mutation in cystathionine beta-synthase, 180
Vasculitis, primary gastrointestinal necrotising, hepatitis C and mixed cryoglobulinaemia,: a case of (Letter), 110
Vasculitis, spontaneous splenic rupture in c-ANCA positive, (Letter), 431
Ventricular arrhythmias, beta-blockers for,: have we underestimated their value?, 689
Ventricular function, assessment of left, after radiofrequency and direct current atrioventricular node ablation, 82
Ventricular hypertrophy, a lethal pedigree of hypertrophic cardiomyopathy associated with mild left, (Letter), 845
Ventricular tachycardia, idiopathic, radiofrequency ablation of, 186
Ventricular tachycardia in the normal heart, radiofrequency catheter ablation of left, 380
Vitamin E, what dose of, is required to reduce susceptibility of LDL to oxidation?, 496
Vomiting – a forgotten symptom in thyrotoxicosis (Letter), 854

W
Wegener's granulomatosis, specificity of cANCA for, (Letter), 720
Western Australia, risk factors for ill-health in a remote desert-dwelling Aboriginal community in, 171
